

Shariful Islam

FULL-STACK WEB DEVELOPER

☎ +8801700871179 | ✉ sharifulislam0505@gmail.com | 🕒 Sharif2023 | 🌐 Portfolio | 📍 Mugdapara, Dhaka, Bangladesh

Summary

Passionate Computer Science and Engineering student specializing in full-stack web development and UI/UX design. Experienced in building scalable, real-time applications using modern frontend and backend technologies including React, PHP, Node.js, and relational/non-relational databases.

Technical Skills

Frontend: React, Tailwind CSS, JavaScript (ES6+), TypeScript, Vite, Bootstrap, HTML5, CSS3
Backend: PHP, Node.js, Laravel
Database: MySQL, PostgreSQL, MongoDB
Tools & DevOps: Git, Github, JWT, Docker, Vercel, Render, Composer, npm, Figma, Resend API, Supabase

Work Experience

Front End Developer

March 2026 – June 2026

Fakibaj Gobeshok | MangoSeed — E-Learning Platform | Remote, Part-time

- Architected a scalable **React** and **Tailwind CSS** frontend from scratch comprising **75+ modular components and pages**, following **DRY principles** to ensure high reusability and maintainability across student and instructor interfaces.
- Integrated **85+ REST API endpoints** via Swagger using centralized Axios service modules with **JWT** interceptors, driving features including video streaming, interactive Q&A, secure checkouts, and real-time instructor analytics.
- Designed a robust routing architecture handling **55+ application routes** with **RBAC**, securing **19 protected routes** across Student and Instructor roles using shared higher-order component guard logic.
- Optimized frontend performance via parallel data fetching (**Promise.all**) and server-side filtering migration, significantly reducing page load times and eliminating browser memory crashes on heavy views.
- Spearheaded codebase refactoring across **40+ commits**, eliminating hundreds of lines of hardcoded legacy data and consolidating duplicate UI layouts, resulting in a cleaner and more maintainable architecture.

Projects

1. Amar Recipe | React 19, Vite, Tailwind CSS, PHP, PostgreSQL, Docker, Render, Vercel, Resend

- Community recipe platform with user submissions, ratings, reporting, multi-role auth, and admin moderation dashboard.
- Deployed on Render (Docker) + Vercel with Supabase/PostgreSQL, connection pooling, and CI/CD pipeline.
- Hierarchical Root-Admin panel with bcrypt auth, inter-admin chat, and custom content similarity detection.
- Bengali-native UI with automated email workflows (Resend API) and atomic PDO transactions with strict CORS.
- **Live:** amar-recipe.vercel.app **GitHub:** github.com/Sharif2023/Amar_Recipe

2. StudyNest | React 19, Vite, Tailwind CSS, Three.js, PHP, Node.js, Python (Flask, NLTK), PostgreSQL, WebRTC, JWT

- Real-time collaborative study platform with video/voice rooms, screen sharing, shared whiteboard, and AI chatbot.
- AI toolkit (Flask + NLTK) for summarization, key insights, plagiarism detection, and text humanization.
- Gamification via points, streaks, and leaderboard; productivity tools include Pomodoro timer and Q&A forum.
- Multi-cloud deployment: Vercel (frontend), Render (backend), Cloudinary (media), Nhost (PostgreSQL + auth).
- **Live:** studynest-edu.vercel.app **GitHub:** github.com/Sharif2023/StudyNest

3. ServiceHub | React 19, Vite, Tailwind CSS, Node.js, Express, PostgreSQL, Stripe, Nodemailer, JWT

- Enterprise service booking platform with dynamic catalog, multi-step booking engine, and admin control center.
- Stripe integration for PCI-compliant payments with secure webhooks for real-time order reconciliation.
- Admin dashboard with RBAC, real-time KPI analytics, and full Service/Booking CRUD capabilities.
- Automated email notifications (Nodemailer), bcrypt hashing, JWT auth, and CORS security policies.
- **Live:** servicehub-platform.vercel.app **GitHub:** github.com/Sharif2023/service-booking-platform

4. CamSociety | PHP 8.2, Laravel 11, React 18, Inertia.js, Tailwind CSS, MySQL/SQLite, Docker, Render

- Photographer marketplace with multi-role auth (User, Photographer, Admin) and high-performance SPA via Inertia.js.

- Photo marketplace with atomic DB transactions; event booking engine with SMTP notifications and OTP verification.
 - Dockerized on Render with Nginx reverse proxy, health checks, and cross-environment DB support (SQLite/MySQL).
 - **Live:** camsociety-backend.onrender.com **GitHub:** github.com/Sharif2023/CamSociety_Laravel
- 5. UIU Healthcare** | *HTML5, CSS3, JavaScript, PHP, MySQL, Bootstrap 5.3, Figma*
- Integrated health portal bridging doctors and students with appointment scheduling and e-prescription management.
 - AI symptom bot, medicine/test search engine, and hospital locator for streamlined patient self-service.
 - **Live:** uiu-healthcare.infinityfreeapp.com **GitHub:** github.com/Sharif2023/UIU-Health-Care
- 6. UIU Supplements** | *PHP (Native), MySQL, JavaScript (Vanilla + ES6), Bootstrap 5, HTML5, CSS3*
- Full-stack community marketplace for UIU students featuring real-time bargaining, room rental, and mentorship booking.
 - Part-time job portal, lost & found with verification system, and live chat for campus-wide collaboration.
 - **Live:** uiusupplements.yzz.me **GitHub:** github.com/Sharif2023/UIUSupplements

Certifications

- Front-End Development Libraries – freeCodeCamp (2026)
- Responsive Web Design – freeCodeCamp (2026)
- Master Git and Github – Udemy (2026)
- ABCD of TypeScript – Ostad (2025)
- Build Projects with PHP – Ostad (2025)
- PHP Laravel Workshop – Ostad (2026)
- Hour of Code Achievement – code.org (2022)

Research Work

- Comparative Analysis of Energy Efficiency in Modern Frontend Frameworks: A Green Computing Perspective (*In Progress*)
- Real-Time Anxiety Detection and Intervention System for Programmers (*In Progress*)
- Evaluating the Impact of Sketch and Voice Inputs on Divergent Thinking in Generative AI (*In Progress*)

Education

B.Sc. in Computer Science and Engineering	2021 – Present
<i>United International University (UIU), Dhaka</i>	<i>GPA: 3.30 / 4.00</i>
Higher Secondary Certificate (Science)	2018 – 2020
<i>Kabi Nazrul Govt. College, Dhaka</i>	<i>GPA: 4.75 / 5.00</i>
Secondary School Certificate (Science)	2016 – 2018
<i>KPB School & College, Dhaka</i>	<i>GPA: 5.00 / 5.00</i>

Languages

Bangla: Native/Fluent | **English:** Native/Fluent
