Mugdapara, Dhaka, Bangladesh

Summary

Passionate Software Developer with hands-on experience developing and deploying software with React/Next.js, JavaScript/TypeScript, Node.js/Express.js, PHP/Laravel and Relational/Non-relational Databases. Experienced with REST APIs, Authentication, RBAC, payment flows, real-time features and cloud deployment. Targetted on building responsive, maintainable and production-ready applications.

Technical Skills

Frontend:	React.js, Next.js, JavaScript, TypeScript, Tailwind CSS, HTML, CSS
Backend & Database:	PHP, Node.js, Express.js, Laravel, MySQL, PostgreSQL, Supabase, MongoDB
APIs & Security:	REST APIs, JWT, RBAC, Swagger/OpenAPI
Automation & Testing:	Playwright, Selenium, Postman, KaneAI, Manual Testing
Tools & Platform:	Git, GitHub, Docker, Prisma ORM, Figma, Vercel, Render, Neon, Railway

Work Experience

Front-end Developer **Mar 2026 – Sep 2026**
Fakibaj Gobeshok | Remote, Part-time (Contract)

- Build and manage a production e-learning platform using React.js and Tailwind CSS, featuring reusable UI components and responsive interfaces with DRY approach.
- Using Axios, JWT-based authentication, and Swagger/OpenAPI documentation, develop and integrate REST APIs to support core platform workflows.
- Implement RBAC between stakeholders interfaces for access to protected features
- Optimize the data loading on the frontend and application reactivity with parallel API requests, filtering supported by backend and component optimizations.

Projects

StudyNest | *React, Tailwind CSS, PHP, Node.js, Python, WebRTC, Docker, JWT, PostgreSQL*

- Developed a truly collaborative study environment by integrating video/voice rooms, screen sharing, shared whiteboard, and AI features such as a chatbot, summarizing & paraphrasing, extracting key insights, and check plagiarism/humanization.
- Introduced gamification elements like Q&A forum, Pomodoro timer, points, streaks, and leaderboard.
- **Live:** studynest-edu.vercel.app **GitHub:** github.com/Sharif2023/StudyNest

Linkora | *Next.js, TypeScript, Tailwind CSS, Three.js, PostgreSQL, Prisma ORM, NextAuth.js*

- Developed an AI-tool discovery and idea-execution platform containing 250+ curated tools, step-by-step implementation plans and task tracking, added category filtering and search to validate API workflows.
- **Live:** linkora-hub.vercel.app **GitHub:** github.com/Sharif2023/Linkora

Amar Recipe | *React, Tailwind CSS, PHP, PostgreSQL, Docker, JWT*

- Developed community-based recipe platform (300+ recipes) that users can contribute, rate, and moderate, using PHP/PostgreSQL, with server side validation and role based access control.
- Deployed transactional database functions and protected workflows for content moderation in the back end.

Education

B.Sc. in Computer Science and Engineering **2022 – 2026**
United International University, Dhaka *GPA: 3.31 / 4.00*

Higher Secondary Certificate (Science) **2018 – 2020**
Kabi Nazrul Govt. College, Dhaka *GPA: 4.75 / 5.00*

Secondary School Certificate (Science) **2016 – 2018**
KPB School & College, Dhaka *GPA: 5.00 / 5.00*

Languages

Bangla: Native/Fluent | **English:** Working Proficiency
